The Pursuit of Happiness (yes, with a “Y”: that’s because of a misspelled graffiti on the wall of Christopher’s depressing day-care) is one of the best movies I have ever seen. The film is touching, surprising, sad and funny. The Pursuit of Happiness will break your heart and will make you value what you have. But this is not a depressing movie. It is a movie about hope, love, survival ...

Put very simply, the science of happiness looks at “what makes happy people happy” (Pursuit of Happiness, 2018). If you think about it, the subjective nature of happiness makes it incredibly difficult to define and also challenging to measure (Kringelbach & Berridge, 2010). Let’s look into this further... In the Past. Happiness has been the topic of discussion and debate since the ...

Thomas Jefferson put the "pursuit of happiness" on the same level as life and liberty in the United States' Declaration of Independence. Jeremy Bentham believed that public policy should attempt to maximize happiness, and he even attempted to estimate a "hedonic calculus". In the United States, there is no explicit policy that requires the rulers to

For this reason, the pursuer is often best served by discovering ways to call off the pursuit—and there are ways to reconnect with a distancing partner that don't involve aggressive pursuing. A distancer may feel unhappy about how things are going in a relationship, but he or she is still more likely to maintain the status quo than to move toward a partner who is in pursuit mode.
